Blockchain in the Food Industry – Blockchain is the technology that powers cryptocurrencies. However, food companies are using blockchain technology to secure their supply chain.

Blockchain in the food industry

Stars: Joshua Lim

Genre: Documentary

Language: English

Storyline:

Blockchain is the technology that powers cryptocurrencies. However, food companies are using blockchain technology to secure their supply chain. In addition, many of them make their living with ride-hailing apps. We travel the world to find out WHY it matters.

0:00 What is blockchain doing in your food?

21:52 How do blockchain and our food fit together?
