

Documentary on the Economy of China after the Crypto ban: The Economy of China & Digital Money – China declares all transactions with cryptocurrencies illegal.

The Economy of China & Digital Money (2022)

Genre: Documentary

Running time: 69 min

Release date: 2022

Synopsis:

In many areas of industry, China is one of the leading countries. However, the country does not seem to be open to all new technologies. The crypto industry with its miners is a thorn in the side of the economic power. China has banned all crypto transactions and also announced to stop mining of digital assets – the hardest blow against the industry so far. Moconomy analyzes and discusses what this means for Bitcoin and for the whole crypto industry with industry experts like FalconX, eToro, and Kraken.

Chapters:

00:00 – China bans cryptocurrencies.

03:10 – What happened and how bad is it! Eddie van der Walt an initial analysis.

12:39 – FalconX – How badly are ICO's affected?

18:10 – Yoni Assia, Founder of eToro. Crypto cannot be regulated as it is global.

24:04 – Bobby Lee, CEO Ballet. How much is crypto hardware, such as wallets affected?

31:02 – Chia Green Token, Can an environmentally friendly token save crypto?

35:32 - Jonathon Miller - Kraken, Are renewable energy sources the key to success?

42:53 - Caroline Bowler - Where do we go from here? How will the market evolve?

Leah Wald (CEO, Valkyrie Investments) and Stephane Ouelette (CEO, FRNT Financial) - Will Bitcoin and China survive the technology battle?

01:01:11 - How are Chinese companies dealing with the ban?

Music:
